

Enable/disable the key sound

This function enables/disables the BEEP when the keys are pressed. The function is disabled by default, to enable it follow the procedure below:

From stand-by, **press and hold down the joystick for 5 seconds** to access the advanced menu and select the corresponding page.

The first screenshot shows the 'ON' setting. A red line labeled 'A' points to the 'ON' text. A joystick icon with a '1' indicates a press action.

The second screenshot shows the 'OFF' setting. A joystick icon with '2' and up/down arrows indicates moving the joystick to change the setting.

A Function status notification (ON = enabled, OFF = disabled).

- 1 Press the joystick to change mode.
- 2 Move the joystick up/down to select another setting or the last page to exit.

Associate a ringtone to an event (call)

This page can be used to modify the ringtones associated to the different types of call.

The ringtones played for calls from EP configured with S=2 and S=3 are set by default and cannot be changed (check the Entrance Panel configuration with your installer).

From stand-by **press and hold down the joystick for 5 seconds** to access the advanced menu and select the corresponding page.

The first screenshot shows a musical note icon. A joystick icon with a '1' indicates a press action.

The second screenshot shows a list of call events. A red line labeled 'A' points to the number '01'. A joystick icon with '2' and up/down arrows indicates moving the joystick to select an event.

- 1 Press the joystick to associate the first event.
- 2 Move the joystick up/down to select the type of call for which you want to set the ringtone (see the following table).
The page shows the current ringtone number (A).

ICON	TYPE OF CALL
	Selection of the call ringtone from the ENTRANCE PANEL
	INTERCOM CALL ringtone selection

3 Press the joystick to continue.

4 Move the joystick up/down to select the ringtone to be associated (the ringtone is played).

5 Press the joystick to confirm or wait for the timeout

6 Move the joystick up/down to select another call or the last page to exit.
